

# Galih Wicaksono

Software Developer

Jakarta, Indonesia | +6281219976773 | [galwicakso@gmail.com](mailto:galwicakso@gmail.com) | [LinkedIn](#) | [Github/Portfolio](#)

## SUMMARY

A Software Developer and UI/UX enthusiast with a passion for creating user-centered, responsive digital experiences. After transitioning from digital marketing, I completed a full-stack boot camp at Hacktiv8, specializing in React, Tailwind CSS, and performance optimization. Whether building web apps, launching NFT platforms, or enhancing brands' online presence, I bring a design-first mindset and creative problem-solving to every project.

## EDUCATION

<b>Hacktiv8</b> <i>Full Stack JavaScript Immersive Program (<a href="#">Transcript</a>)</i>	<b>Jakarta, Indonesia</b> <i>January 2023 – April 2023</i>
<b>Universitas Islam Blitar</b> <i>Management</i>	<b>Jakarta, Indonesia</b> <i>2019 – Present</i>
<b>SMAN 97 Jakarta</b> <i>Social Science</i>	<b>Jakarta, Indonesia</b> <i>2013 – 2016</i>

## WORK EXPERIENCE

<b>Full Stack Developer</b> <i>PT Applimetics Parama Solusi</i>	<b>Jakarta, Indonesia</b> <i>March 2025 – Present</i>
<ul style="list-style-type: none"><li>• Develop and maintain full-stack web applications using JavaScript, React, Next js, Nest js, Tailwind CSS, and other modern technologies to support healthcare workflow optimization.</li><li>• Build responsive front-end interfaces and scalable, secure backend systems to enhance digital access to healthcare services across the government and private sectors.</li><li>• Collaborate with cross-functional teams to deliver new features, improve system architecture, and ensure high performance, usability, and security.</li><li>• Managed and optimized a high-volume healthcare database and system for one of Indonesia's largest hospital networks and international healthcare providers, ensuring data integrity and system reliability for critical patient and operational data.</li></ul>	
<b>Digital Marketing</b> <i><a href="#">esportsku.com</a></i>	<b>Jakarta, Indonesia</b> <i>March 2016 – Sep 2024</i>
<ul style="list-style-type: none"><li>• Working closely with my partner as founder to grow eSportku from 10k monthly visitors to 2 million monthly visitors and grow revenue by \$10K MMR within 3 years.</li><li>• Successfully conducted outreach and established collaborations with well-known brands, including Realme and Edifier, while managing effective link-building strategies to enhance online visibility and SEO.</li><li>• I also assist a Gaming company in improving their search engine rankings by acquiring backlinks through link building from our website, esportsku.com. This helps boost their visibility and authority in search engines, driving more organic traffic to their sites.</li></ul>	
<b>Freelancing</b> <i>Fiverr</i>	<b>Jakarta, Indonesia</b> <i>October 2015 – Now</i>
<ul style="list-style-type: none"><li>• Specializing in front-end development using Tailwind CSS and React, delivering responsive websites across SaaS, eCommerce, sports, entertainment, and NFT niches.</li><li>• Designed and developed a blockchain-integrated minting page for an NFT project, generating \$1.5M in revenue within 24 hours by optimizing for high traffic and flawless user experience.</li><li>• Build clean, user-friendly websites for small businesses using HTML and Tailwind CSS, helping them strengthen their online presence.</li></ul>
